Subject: Information the Criteria for Stream Allotment in Class XI – Session 2026–27.

Dear Parent of _____ Class & Sec. _____

This is to inform you that your ward currently studying in Class X during the academic session 2025–26, we would like to bring to your attention an important upcoming step in their academic journey – the **selection of streams for Class XI** for the session 2026–27. As per the class X, it becomes essential to provide clarity on the **criteria for stream allotment for class XI for the next session i.e. 2026-2027**, which is a crucial decision that influences the academic and professional direction of each student.

Stream Allotment Guidelines: Stream selection will be **primarily based on your child's performance in the CBSE board result, but to save the time & covering the basic of the stream, we will allot stream provisionally to the students on basis of 1st and 2nd Pre-Board Examinations.** We believe these exams offer a reliable reflection of a student's academic potential and preparedness. Please find below the detailed criteria for each **stream based on marks secured out of marks 80 (theory only):**

1. Science Stream (PCM - Physics, Chemistry, Mathematics)

- Minimum **75% marks** in **English, Mathematics & Science** (individually) in both 1st and 2nd Pre-Board Examinations.

2. Science Stream (PCB - Physics, Chemistry, Biology)

- Minimum **75% marks** in **English and Science**, and
- Minimum **65% marks** in **Mathematics**, (in both 1st and 2nd Pre-Board Examinations.)

3. Commerce Stream (with Mathematics)

- Minimum **75% marks** in **Mathematics, English, and Social Science**, in both 1st and 2nd Pre-Board Examinations.

4. Commerce Stream (without Mathematics)

- Minimum **60% marks** in **Mathematics**, and Minimum **70% marks** in **English and Social Science**, (in both 1st and 2nd Pre-Board Examinations.)

Note: 1. Students scoring **less than 55% in Mathematics** will **not be eligible** for **PCB or Commerce without Mathematics** streams.

2. The provisionally allotment of the stream is not a guarantee of regularise the stream, it is depended on the CBSE marks. The students/parents not claim the provisional stream.

Additional Support and Considerations (from 55% marks to 59% marks): We recognize that this decision requires thoughtful discussion and planning. Alongside academic performance, we will also consider:

- **Subject teacher recommendations**
- **Counselling sessions** to help students align their choices with their interests, strengths, and career aspirations

We urge you to have open and constructive discussions with your child regarding their future goals and academic interests. Our school team remains committed to supporting each student in making informed, confident choices that pave the way for future success. **Please fill the complete acknowledgement & submit to the class teacher before 10-12-2025 with signature of the both parents.**

Should you have any queries or require assistance, please do not hesitate to contact the class teacher or school counsellor.

Thank you for your continued support and cooperation.

Warm regards,

Dr. S. V Sharma
Principal

Subject: Acknowledgement of Circular on Stream Allotment Criteria for Class XI (Session 2026–27)

Respected Sir/Madam,

We, the parents of _____ currently studying in **Class & Sec X**____, would like to acknowledge the receipt of your circular regarding the information the **criteria for stream allotment in Class XI** for the upcoming academic session 2026–27.

We have carefully reviewed the guidelines and fully understand that the stream selection will be based primarily on our ward's performance in the CBSE result & provisionally allotment of stream by **1st and 2nd Pre-Board Examinations**, particularly in the theory components of relevant subjects. We also take note of the minimum percentage requirements specified for each stream (PCM, PCB, and Commerce with and without Mathematics). **I know the provisionally allotment of stream is not a guarantee of regularise the stream.**

We appreciate the school's transparent approach and efforts to guide students and parents through this significant decision. We assure you of our cooperation and will encourage our child to perform to the best of their abilities, while also engaging in discussions with them about their interests and future goals.
