Dear Parents/Guardians,

Welcome to the new academic session 2025-26

As we embark on this journey together, we are thrilled to introduce some exciting new facilities aimed at enhancing your child's holistic development and fostering his/her love for sports and recreation. This year, we are proud to announce the addition of several state-of-the-art sports facilities, including:

**Large International Badminton Court:** Equipped with top-notch facilities, our badminton court promises to provide your child with many opportunities to hone his/her skills and indulge in this exhilarating sport.

**Cricket Net for Practice:** For aspiring cricketers, we have set up a dedicated cricket net where they can refine their batting, bowling, and fielding techniques under expert guidance.

**Separate Green Playfield for Tiny Tots:** Our youngest learners deserve a safe and stimulating environment to play and explore. Our green playfield, equipped with play stations and age-appropriate amenities, ensures just that.

**Handball Court:** Handball enthusiasts will be delighted to know that we now have a dedicated handball court where they can showcase their agility, teamwork, and strategic prowess.

**Volleyball Court:** Serving as a platform for friendly matches and competitive tournaments, our volleyball court is designed to cater to the needs of both beginners and seasoned players.

**Kabaddi Rubber Mats:** Safety is paramount, especially in contact sports like Kabaddi. Our newly installed rubber mats provide a cushioned surface, reducing the risk of injuries and allowing students to play with confidence.

These facilities are geared towards promoting physical fitness, teamwork, discipline, and sportsmanship among our students. We believe that participation in sports not only enhances physical health but also instils valuable life skills that will serve them well beyond the classroom.

**Other Amenities:** RO Water plant, New Wash Room, Dance Room with big mirror, Music Room with latest music instruments, Solar Panel green energy generation, Karaoke play station for kids, Outer play field maintained with covered flexible nets for safety of the students, Safe & pollution free environment etc.

We also request all parents to thoroughly review the updated rules and regulations outlined in the student's new Almanac. It contains important information regarding academic calendar, school policies, and other essential guidelines to ensure a smooth and productive academic year for your child.

### **Note:**

1. **To avoid late fee submission deposit the fee before last date.**
2. **Clear your all dues before starting of every examination to avoid any inconvenience on the day of the examination i.e. AC/UT, half yearly, pre-board or Annual examination.**

The school gate will be opened for the entry of the students at 7.35 am and closed sharp at 8.00 am. Late entry will not be allowed in any condition. Please do not argue with the security guard or school staff.

The security of the school is not giving the permission for taking lunch box, water bottle or any eatable items during the school hours.

Parents who escort the students for picking & dropping to school, please fix your place outside the school & teach your ward to contact you on the designated place. If you are not available at that place, they will come back inside the school.

Parents, who are dropping & picking their ward from the school either self-escort or through private vehicle, please do not drive on wrong side. This type of practice is encouraging your ward for breaking rules. Please do not drop your ward or park the vehicle in front of the main gate.

Please check & get ready your ward's summer school uniform i.e. length, size, colour, pattern & design of the dress in advance because without school uniform the students will not be allowed in the school. If any discrepancy, purchase the new uniform for your ward.

It had been observed that some parents have exhibited behaviour that goes against the principles of respect and cooperation. Instances of rudeness towards teachers and school administration staff, particularly during of the time of depositing fee & late arrivals in the morning, we understand that everyone has some personal problems & busy schedule, but it is crucial to approach such matters with patience and a positive mindset.

Maintaining a respectful environment is essential for the overall development and well-being of our students. It is important to instill the values of discipline and courtesy in our children. Our actions as adults significantly influence their perception of acceptable behaviour.

**Co-operation from the parents:**

1. Be mindful of your conduct in front of your ward and other students.
2. Demonstrate patience and understanding when addressing concerns with teachers, school administration or school security personnel.
3. Encourage your child to follow school rules and maintain proper decorum while wearing school uniform and carrying school bag.
4. Provide VEGETARIAN LUNCH in tiffin box of your ward. Non veg., egg and junk food is not allowed in the tiffin box.
5. Carry Parents card while visiting the school for any cause. Without parents card, the school security will not allow you to enter the school due to safety of the school students. Please co-operate with the security.

Remember, children learn by example, and your actions play a vital role in shaping their character. By demonstrating respect and discipline, we contribute to a positive and conducive learning environment.

We are truly excited about the upcoming academic session and the opportunities it holds for your child's growth and development. Let's make this year a memorable and enriching experience together for each and every student at school.
